## GOP Liberals Say Romney Leads But Support Cools

WASHINGTON (AP) — An organization of youthful, liberal Republicans reports Michigan Gov. George Romney is "in the lead, albeit shakily" for the 1968 GOP presidential nomination — but adds that his support seems to be cooling.

These comments were published in the January newsletter of the Ripon Society, a Cambridge, Mass., organization devoted to the causes of liberal Republicanism.

They were based on the meeting of the Republican Governors Association in Colorado Springs, Colo., a month ago.

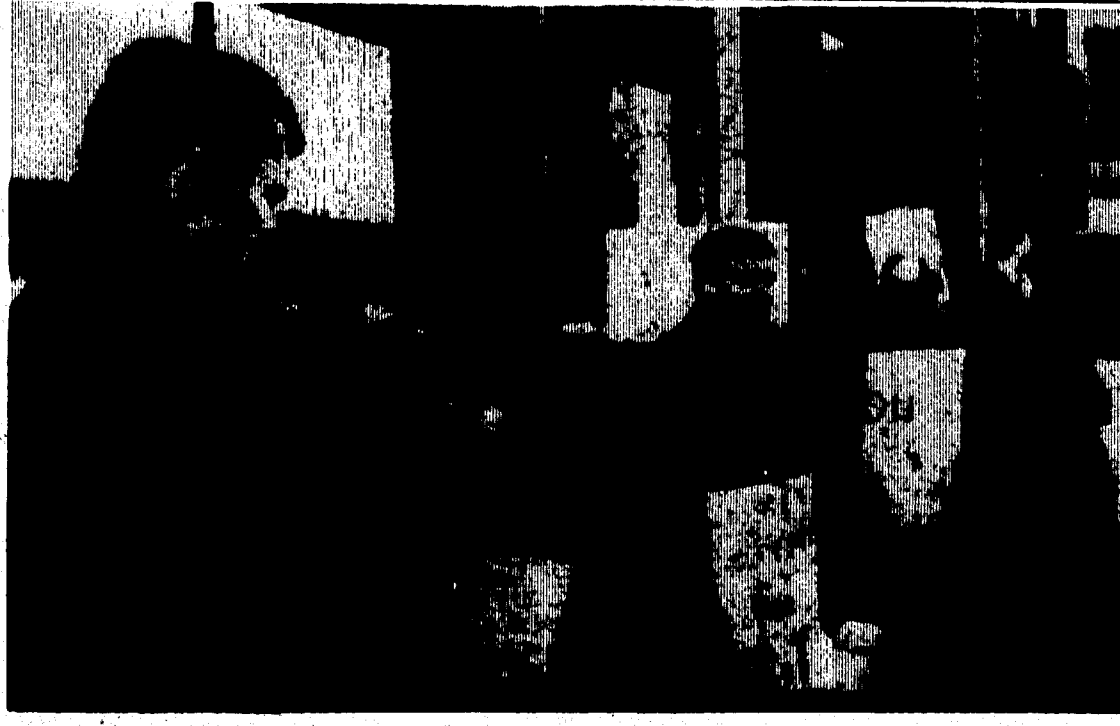

Romney left both his admirers and those who came to be impressed wondering, "the newsletter reported."

Then, as now, Romney — the favorite of many liberal and moderate Republicans for the 1968 nomination — said he was in the process of exploring the possibility of a bid for the White House.

"Some of Romney's backers, notably Gov. William Scranton of Pennsylvania, were concerned with the crawling start of the Romney campaign," the Ripon Society publication said. "Once again, the press corps

found Romney unprepared and wanting in substance. "While some were worried by Romney's continued problems with the press, the professionals were more concerned with the governor's organizational efforts and some subtle changes in political climate," the society added.

"Romney's backers were slowly putting together a national staff. But it still lacked depth and breadth and some early appointments had come as genuine surprises to the governor's well-wishers."

### GM Recalls 1/4 Million Cars:

## Replace Steering Shafts

DETROIT (AP) — Collapsible steering columns, much heralded as safety devices, were in the spotlight today because of faulty installation as General Motors Corp. recalled 269,200 new cars.

The largest of the nation's four auto makers said the steering shafts in the company's smaller model 1967 cars will be replaced because they may snap.

Eight such failures have been reported so far — five in Pontiacs, two in Chevrolets and one in a Buick — all at low speeds while parking or turning, GM said.

The steering shafts are the new, impact-absorbing columns designed to collapse under extreme pressure, such as that from a collision throwing the driver against the steering wheel.

The defect is in the way the shaft was installed, not in the design of it, the company said.

The faulty installation resulted in misalignment of the shaft, placing too much strain on it during certain maneuvers of the car, GM said.

The stress, although not noticeable to the driver, may cause the shaft to break, the firm said.

GM spokesmen were unavailable for comment on whether the problem might leave a car uncontrollable at high speeds.

### State Police Seek Donation Of Dogs

EAST LANSING (AP) — Michigan State Police have asked for donations of German Shepherd dogs to beef up the department's tracking program.

Male dogs between 1 and 2 years old are preferred.

A 14-week program for training handlers and dogs will start around April 1. Most of the training will be done in the Houghton Lake area.

The dogs will be used as replacements or for assignment to new locations yet to be determined.

State Police dog and handler teams are on duty at the East Lansing, Ionia, Flat Rock, Flint, Jackson, Paw Paw, Mount Pleasant, Grand Haven, Houghton Lake and Marquette posts.

### Common Bible Work Started

VATICAN CITY (AP) — A provisional committee of 22 Protestant and Roman Catholic biblical scholars has begun a study of translation requirements needed for a common Bible for all Christians.

The experts met here this week for informal conversations and an exchange of reports.

Augustin Cardinal Bea, German-born biblical scholar who heads the Vatican's Christian Unity Secretariat, told the gathering of 10 Protestants and 12 Catholics they were involved in "a work that is basic and vital to the future of Christianity: Translation and distribution of the Bible."

"It does not seem an exaggeration to say that the possibility of our cooperation is one of the most important developments in contemporary Christian history," said the cardinal.

The meeting was in conjunction with a visit to Rome by leaders of the United Bible Societies, under the chairmanship of Dr. Laton E. Holmgren, general secretary of the American Bible Society.

Dr. Holmgren told the Cardinal the UBS was glad to respond "to the new overtures of your great church for consultation and cooperation" in preparing scriptural translations for use by all Christians.

Pope Paul VI recently authorized Catholic scholars to go ahead with plans for joint study with Protestants, following a suggestion of the Vatican Ecumenical Council.

### New Plane Aids

WASHINGTON (AP) — Detroit Metropolitan Airport is one of 23 airports designated Thursday by the Federal Aviation Agency to receive new equipment that will help properly equipped planes land in poor weather conditions.

WASHINGTON — Senator Philip Hart won't oppose confirmation of Alan S. Boyd, nominated by President Johnson to be the new secretary of transportation, although they have differed over St. Lawrence Seaway tolls.

ATLANTA — Lester Maddox, restaurateur whose segregationist views brought him national notice, today appeared headed for election Tuesday as governor of Georgia.

TOKYO — A poster criticizing Chinese Community Premier Chou En-lai appeared in Peking's Main Square Friday night but was ripped off. In its place a warning was up saying "Bash in the head of anyone who criticizes Premier Chou!"

WASHINGTON — Senator Gaylor Nelson says he's won Interior Secretary Udall's approval of a plan to preserve a 90 mile portion of the Wolf River in Wisconsin as part of a new scenic rivers system.

DETROIT — Ex-Gov. G. Mennen Williams and his wife Nancy, leave next week for Washington, Princeton, N. J., and New York City to attend meeting on Africa, which he served as assistant secretary of state for African affairs.

LANSING — Secretary of State Jim Hare asked fellow Democrat Attorney General Frank Kelley if he has to investigate complaints that a candidate used a false address and that another person paid a candidate to run for office? Kelley said Hare lacks authority to investigate election irregularities unless a state or local election board or official is involved.

NEW YORK — A state supreme court justice has stayed until 1 p. m. Monday observance by the Commercial Telegraphers Union of any picket lines that might be put up if the Wire Service Guild strikes the Associated Press. The AP-Wire Guild contract expires at midnight tonight.

### News In Brief

VATICAN CITY — Pope Paul VI, working "for the advent of a just and durable peace" in Vietnam, urged responsible heads of state and men of good will to "echo" his initiatives for peace. He spoke to world diplomats accredited to the Holy See after receiving their New Year's greetings.

MOSCOW — When private merchants and state stores competed in sale of holiday flowers the state lost. Speculators went south and bought flowers from small private farmers, whose personal incentives are higher than those on state farms. The state will try it next year.

JOLIET — Cab driver Nick Simotes, 32, was on his way to the police station Friday night to view a man suspected of shooting him in the head three months ago. He blew his nose and out came the bullet.

DETROIT — Ex-Gov. G. Mennen Williams and his wife Nancy, leave next week for Washington, Princeton, N. J., and New York City to attend meeting on Africa, which he served as assistant secretary of state for African affairs.

LANSING — Secretary of State Jim Hare asked fellow Democrat Attorney General Frank Kelley if he has to investigate complaints that a candidate used a false address and that another person paid a candidate to run for office? SAIGON, South Vietnam (AP) — U. S. and Vietnamese marines pushed through forbidding mangrove swamps of the Mekong Delta today and met only slight resistance in the first big American thrust into the delta.

A combined allied force of about 4,000 landed by sea and helicopter Friday 55 miles due south of Saigon on the Thanh Phu Peninsula. Only small, sniper contacts with the enemy were reported.

The operation was the biggest amphibious landing of the war and marked the first major deployment of American troops in the rice field and water-logged delta, where an estimated 100,000 Viet Cong dominate large sections.

As the pace of the ground war quickened after a week's lull, Communist forces in the central highlands unleashed a heavy mortar and ground assault early today against the same airfield at Pleiku where an attack two years ago touched off U. S. air bombings of North Vietnam and led to the massive buildup of American forces in South Vietnam.

The spokesman said 10 enemy soldiers penetrated the airfield and inflicted "light damage" to helicopters and small observation planes. He added that U. S. casualties were light in the 45-minute attack, but several buildings were damaged.

### Only Snipers Oppose Mekong Delta Thrust

SAIGON, South Vietnam (AP) — U. S. and Vietnamese marines pushed through forbidding mangrove swamps of the Mekong Delta today and met only slight resistance in the first big American thrust into the delta.

### Stern Portion Of Freighter Morrell Located By Camera

HARBOR BEACH (AP) — Bad weather has called a temporary halt to the search for parts of the ill-fated freighter Daniel J. Morrell, which sank in Lake Huron Nov. 29.

### Today's Chuckle

The fellow who invented the wheel wasn't the real hero—how about the guy who came up with the other three?

### Wind Causes Heavy Drifting Over Peninsula

The Upper Peninsula and Delta County braced for predicted blizzard conditions today in the wake of Friday's blast which heaped some five to six inches of drifting snow in the area.

### Bomb Blast In 'Vegas Motel Is Fatal To Six

LAS VEGAS, Nev. (AP) — A massive explosion that killed at least six persons in a downtown motel early today was caused by a bomb, county officials declared.

### More Snow Predicted

HIGH WINDS ON Ludington St. Friday night left this scalloped drift this morning on the north side of the street in front of the Elks Club. The drifts, almost perfectly carved, tapered to fine points as mother nature reached artistic heights. (Daily Press Photo)

# Ansul Tree Killer To Help Lick Cong

Investor's Reader of Merrill Lynch, Pierce, Fenner & Smith reports that Ansul Chemical Co. of Marinette has received a \$5 million order from the U. S. Government for its cacodylic acid weed killer.

The acid, which has been used by the U. S. Forest Service and by private foresters in test killing of trees in Menominee and Delta county forests for more than a year, is believed to be intended by the government for use in the war in Vietnam.

On a recent visit to Manhattan, Ansul President Robert Hood remarked: "They are buying a commercial product from us. What they do with it we don't know. They take it off our dock and that's it."

For Defoliation It is generally assumed, however, the cacodylic acid is intended for defoliation and related functions in Vietnam. The acid is a non-selective herbicide; it kills everything green. But it does not kill for keeps. Plants sprayed with it will come back the next season.

About \$1 million worth of the Government order was shipped before the end of Ansul's September 1966 fiscal year and this contributed to the record volume of \$26 million, up 21 per cent over fiscal 1965.

Profits for 1966 were up a strong 30 per cent to \$1.7 million or \$1.31 a share from \$1.01.

While Bob Hood will make no specific predictions about the year now underway, "we

Robert C. Hood

are planning to keep growing at the same rate we have in the past three or four years—10-to-20 per cent." Ansul sales in the past four years have almost doubled while profits have nearly tripled.

**Sales Breakdown** Ansul volume is made up of about 40 per cent fire protection equipment and supplies, 25 per cent chemicals, 25 per cent foreign sales and 10 per cent miscellaneous, including electro-mechanical switches and refrigeration and air conditioning components.

When Bob Hood's father, Francis G. Hood founded Ansul in 1915, the company's only product was liquid sulfur dioxide which was a popular refrigerant. In 1936 Ansul added methyl chloride, another refrigerant, and in 1939 it acquired a maker of dry chemicals for fire extinguishing.

While fire protection products have become its major business, the company continues to sell sulfur dioxide and methyl chloride as compressed gases to industrial users. Both Du Pont and Carbide, which produce these gases themselves, also buy additional supplies from Ansul.

**Farm Chemicals** Industrial demand for these intermediate chemicals has been particularly strong in the past year but Ansul is interested in drawing closer to the market place with "products which use methyl chloride and sulfur dioxide." It found such markets in agricultural chemicals which it entered in the

mid-fifties. The first product was DSMA, disodium methyl arsenate, a selective herbicide which does not destroy cotton but is death to Johnsongrass, a weed which infiltrates cotton fields and grows up to five feet high. DSMA has also been used in California citrus groves to kill weeds and preserve moisture for the trees; however, it is as yet only approved for trees too young to bear fruit.

In the family of organic arsenicals along with DSMA is cacodylic acid, made from the same raw materials but by a more sophisticated process. Cacodylic acid defoliates when sprayed on treetops. It can also be used to thin woodlands by injection into trees. Ansul makes an injector hatchet through which the chemical is injected into the trunk.

**New Business** The hatchet applicator is made in the Marinette plant, which also produces Ansul's fire extinguishers and fire protection systems. These range from small \$20 hand extinguishers to complex \$15,000 systems. All employ dry chemicals.

With business booming in fire protection and chemicals, Bob Hood reports Ansul is hard at work developing new products. "It wasn't more than three or four years ago that the chemical division was flat on its back. Our hope is other things will do the same as it has. While one thing is blooming the other is dying. Everything can't be going full bore all the time."

## Calendar Of Events

Prepared by Escanaba Chamber of Commerce

**Wednesday, Jan. 11—Foreign Film Series, Bay de Noc Community College, Broth of a Boy (Ireland), and Charlie Chaplin, Star-Comedy Program, (USA); Bonifas Auditorium, 8 p. m.**

**Monday, Jan. 16—Douglas Davis, Community Concert, Cellist, Oliver Auditorium, 8:15 p. m.**

**Wednesday, Jan. 18—Delta County Historical Society annual meeting.**

## Wilderness Area Hearing Jan. 31

The National Park Service announces that a public hearing will be held beginning at 9 a. m. Jan. 31, in the Memorial Union Building, 1503 College Ave., Houghton, to receive comments and suggestions regarding a proposal for establishment of a wilderness area within the Isle Royale National Park.

A portfolio containing maps and additional information may be obtained from the superintendent, Isle Royale National Park, 87 N. Ripley St., Houghton.

Persons are invited to express their views in person at this hearing, provided they notify the Hearing Officer at the above address in Houghton by Jan. 27. Those not wishing to appear in person may submit written statements to the hearing officer for inclusion in the official record.

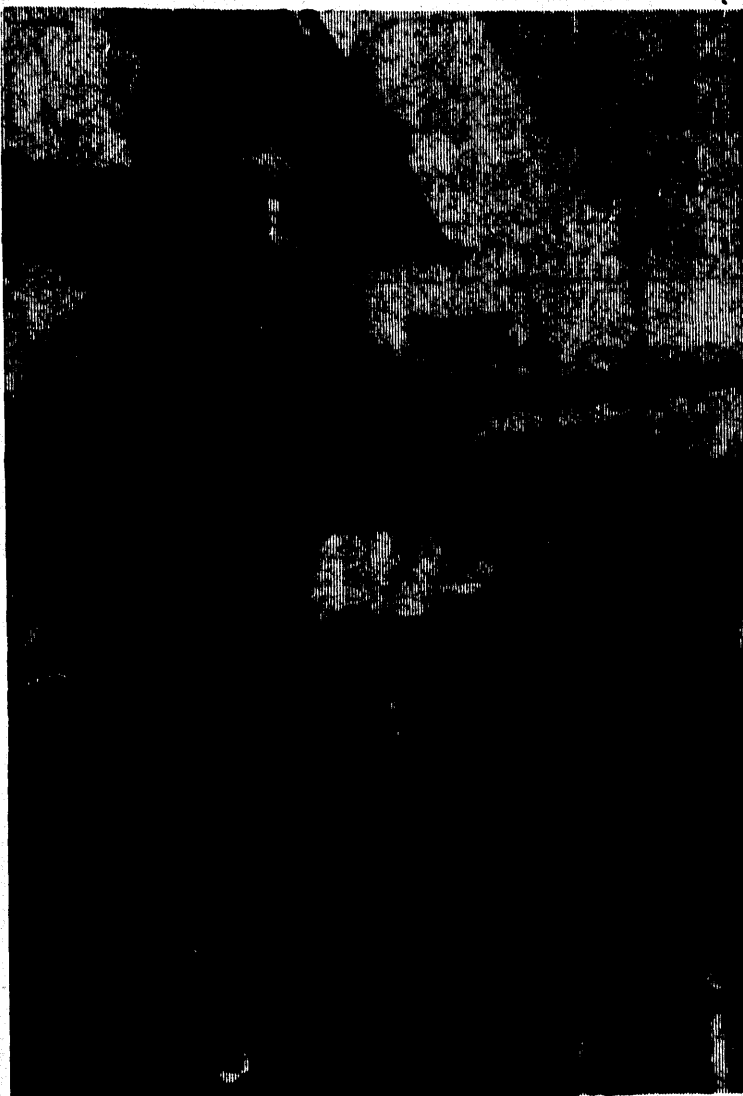

The MUCC Parks and Recreation Committee (Chairman Bernard Ansley) is preparing testimony to be presented by a designated witness on behalf of Michigan United Conservation Clubs.

## Big Mac 1966 Traffic Broke Record Of 1958

December 1966 traffic on the Mackinac Bridge resumed the record-breaking trend that was interrupted by a November let-down with a bare 0.3 per cent increase in vehicle crossings over December of 1965, according to Prentiss M. Brown, chairman of the Mackinac Bridge Authority.

"Although there were 117 more vehicles crossing over the bridge in December of 1966 than in December of 1965, revenues dropped a substantial 2.9 per cent from \$203,657 to \$197,691," said Brown. "This was due to the fact that this past December saw a 6.4 per cent reduction in truck traffic."

Traffic for 1966 showed an increase of 6.7 per cent from 1,323,641 vehicles in 1965 to 1,418,202 vehicles in 1966, breaking the previous traffic record established during the first full year of bridge operation in 1958. Revenues also set a new record with an increase of 6.5 per cent over last year from \$5,824,090 to \$6,203,091. And 1966 truck traffic which consisted largely of pickup trucks, increased 12.7 per cent from 121,019 vehicles to 136,345 vehicles.

A LOW-FLYING, and apparently off course, woodpecker attacked the left front tire of George Smith's car. Smith of Caledonia, Mich., heard the tire hissing when he reached home and discovered the bird, imbedded to its head in the tire. (AP Wirephoto)

## Hit By Auto:

# Woman Injured On Snowy Street

The snowstorm that whipped drifts across Escanaba streets was apparently in part responsible for a traffic accident in which an Escanaba woman was struck and injured by an automobile on Ludington St. last night.

Injured is Mrs. Clyde L. (Florence) Buchanan of 704 S. 17th St., who suffered fractures of the right hip and right shoulder and is reported in "fair" condition in St. Francis Hospital today.

Mrs. Buchanan was taken to the hospital by ambulance after she was struck by a car driven by James A. Kennedy, 711 S. 11th St., in front of the House of Ludington at 12:25 a. m.

Escanaba police reported that Kennedy told them he was driving east on Ludington St. and that in the 200 block Mrs. Buchanan stepped into the street in front of his car.

Kennedy said he applied the brakes and attempted to avoid striking Mrs. Buchanan but the wheels on the right side of his car were in heavy snow and he was unable to turn the vehicle.

The accident is still under investigation.

There were several minor traffic mishaps in the city within the past 24 hours. Traffic violation summonses were issued by police to Gail Schwichtenberg, 1209 8th Ave. S., defective brakes; and to Edwin Skippar, 319 N. 13th St., no turn signal.

## Briefly Told

A regular meeting of the American Legion Cloverland Post 82 and Auxiliary will be held at the Legion Club at 8 p. m. Monday, Jan. 9.

The Delta County Chapter, Michigan Association for Retarded Children, will meet at 8 p. m. Monday at the John F. Kennedy School.

The Bay de Noc Fellowship will hold their monthly Sing-a-long at the Salvation Army on Sunday at 9 p. m. The churches included in this group are Calvary Baptist, Assembly of God, Gladstone Baptist, Bethel Free, Bark River Bible Church, American Sunday School Union and the Salvation Army. Everyone is invited to attend.

## Tribe Leasing Land To State

MADISON, Wis.—Protection and public use of the famed Wolf river in Menominee County, Wisconsin are now assured for at least a year, and the Menominee Indian Tribe \$150,000 richer, with payment of that sum by the Wisconsin Conservation Department for an easement to lands on the riverbank.

The new agreement gives Menominee Enterprises, Inc., a corporation owned by the tribe, \$150,000 per year for three years. In return, the conservation department will share with the corporation in management of a 200-foot strip along both banks of the Wolf from the Menominee-Langlade county line downstream to Keshena Falls. This land, and the river itself, will be available under certain restrictions for camping, fishing and boating.

## Des Moines Line Purchased By North Western

The Chicago & North Western Railway and the principal stockholders of the Des Moines & Central Iowa Railway have concluded an agreement whereby North Western will purchase 99.6 per cent of the capital stock of the DM&CI for \$5,100,000 in cash. Interstate Commerce Commission approval will be sought.

In 1961-65 DM&CI's revenues averaged \$2,727,000 annually and it incurred an average net loss of \$122,000 annually. Control of DM&CI by the North Western will produce substantial economies through the elimination of duplicating functions. Studies estimate the net benefits through control to be in excess of \$2 million annually.

## IRISH PRESIDENT

An Irishman once was president of France. In 1873, the French National Assembly chose Maurice de MacMahon, a military leader of Irish ancestry, as president. He resigned in 1879.

# Parks Work In Year \$354,789

Sixteen recreation project construction contracts amounting to \$354,789, were completed in the Upper Peninsula in 1966 the Michigan Department of Conservation reports. The projects, contractors and amounts follow:

Tahquamenon Falls campground development, Schnurer Excavators, Manistique, \$106,252.

Tahquamenon Falls toilet building, Cowell & Brosio Inc., Iron Mountain, \$31,500.

Tahquamenon Falls well, Brown Drilling, Howell, \$2,292.

Tahquamenon Falls pump, Hakala Well Service, Negaunee, \$1,246.

Thompson Fish Hatchery, well, Chet Rice, Escanaba, \$4,127.

Fort Wilkins, campground development, Struel Construction Co., Calumet, \$64,154.

Porcupine Mountains, campground development, E & R Reamer Co., Lapeer, \$56,560.

Munuscong Bay flooding, Clair Chipman & Son, Orleans, \$39,513.

McLain State Park, bituminous roads, Hocking Construction Co., South Range, \$4,723.

Pike Lake forest campground, graveling, Gene Brow, Germfask, \$4,301.

Perch Lake forest campground, graveling, Gene Brow, \$2,695.

Sheldrake forest campground, graveling, Schnurer Excavators, Manistique, \$1,039.

Black River, dam, Mattila Construction Inc., Houghton, \$28,458.

Pigeon Cove, Drummond Island, dam, Frank Klammer, Goetzville, \$3,500.

Arnhem Marsh development, Turpeinen, Pelkie, \$3,732.

Gogebic Lake, furnace, Kaufman Sheet Metal, Ironwood, \$695.

The Escanaba Area Board of Education will have a dozen things to discuss at the regular meeting Tuesday, but only two items are listed for action on the agenda released today by Supt. Luther M. Barrett.

Meeting is set for 8 p. m. at the Administration Building. Listed for action are payment of accounts, routinely, and transfer of 1956 and 1953 bond issue balances to the 1960 debt retirement fund.

Discussion items scheduled include disposal of houses on sites for new elementary schools, change orders for the new Washington school, names for the new schools, school district reorganization (Bark River annexation), a drop-out study, teacher aides, the district's special education program and professional negotiations.

**Seminar** Dr. Richard Featherstone, East Lansing, assistant dean of the Michigan State University College of Education, will conduct a school plant seminar which begins on January 14 in Marquette High School for educators working on advanced graduate degrees.

**22 Colleges** RICHMOND, Va. (AP) — A two-year study made by the Virginia Board of Community Colleges calls for two-year community colleges in 22 regions of the state by 1971.

**Children's Needs** The unmet needs of children—abused, neglected, or homeless—will be the subject of discussion at the general meeting of the Escanaba League of Women Voters on Tuesday, Jan. 10 at 8 p. m. in the Chamber of Commerce building.

Michael Miketinac of the Michigan Department of Social Services, Escanaba, will be the speaker.

The Welfare Committee of the League consisting of Mrs. Luther Barrett, chairman, Mrs. Roland Berry, Mrs. Charles Byrns, Mrs. Rene Labre, and Mrs. Sherwood Trotter conducted an extensive survey recently of children's services available in Delta County. They will discuss briefly the findings of their survey, and report on similar League surveys conducted elsewhere in the state.

The League will attempt to arrive at a consensus of opinion at a final meeting to be held later in January. The merits of existing children's services in Michigan will be assessed with special emphasis on those in Delta County, and on the unmet needs and recommended possible solutions.

**Greatest Events In American History No. 31**

**THE ONE INVENTION THAT CHANGED THE FACE OF AMERICA MORE THAN ANY OTHER**

The physical appearance of the U.S. has been altered by many inventions, but the one that changed it most was the automobile.

The development of the auto was the product of many minds. The two men given credit by many historians (although not all) for making the first successful autos in America are: Charles Duryea who drove his first car in Springfield, Mass., in 1892; and Elwood Haynes of Kokomo, Ind., who built his car in 1894 and then became the first real manufacturer of autos in the U.S.

One significance of the auto can be seen in this figure: In 1900 there were only a few hundred miles of good roads in all of America! Along came the automobile and with it came millions of miles of paved roads; the face of America was changed as no other invention ever changed it.

# Coppolino Trial Judge Rules On News Coverage

SARASOTA, Fla. (AP) — Circuit Judge Lynn Silvertooth has outlined his plans for reporters who will be covering the Feb. 13 murder trial of Dr. Carl Coppolino.

The press, he said, must report the trial "as it unfolds in the courtroom" — and not as it is "pieced together from extrajudicial statements."

Coppolino, 34, was cleared of the slaying of retired Army Col. William E. Farber by a New Jersey jury. He now faces a

first-degree murder charge here in the death of his first wife more than a year ago.

The doctor is accused of administering a fatal drug to Carmela, mother of his two children.

Silvertooth said Friday that: No telephone calls may be made by jurors while they are sequestered and none received by them. No one may talk to or photograph jurors.

Nothing will "be disseminated" that is not introduced in court.

No one shall leave the courtroom except at recess or for an emergency.

Only attorneys and court personnel may handle exhibits.

No photographic, television or sound equipment, including tape recorders, will be allowed in the courtroom or on the grounds surrounding it.

No sketches may be made in court.

Entranceways and corridors of the courthouse are to be kept clear at all times.

No release to any of the news media may be made or any leads, information or gossip by police officers, witnesses or counsel for either side, or their employees.

Extrajudicial statements by lawyers, witnesses or any one working for either side are prohibited.

# Four Peninsula Needs Are Told

SAULT STE. MARIE — A challenge to the people of the Upper Peninsula to recognize the economic potential of the area was issued Thursday by Joseph V. Tuma, executive director of UPICAP, in a lecture sponsored by Lake Superior State College.

He pointed out four ingredients which are necessary factors to this development. They are better housing, better urban planning, better transportation for manufactured goods, and better recreational tourist sites.

On the plus side, Tuma stated that congestion in metropolitan areas has led industry to seek other locations, and that this has opened the door for the Upper Peninsula to invite industry here. However, planners should take steps to avoid mistakes made in the development of vast urban areas, he added.

"By introducing the material things of the 'good life,' and by preserving the natural beauty and resources of our region, we have an opportunity to make the best of the Upper Peninsula," Tuma said.

Major speaker will be Dr. Leroy Augenstein, chairman of the Biophysics Program of Michigan State University, on "This Changing World" and "Shall We Play God?"

The conference has been planned by a committee of Upper Peninsula clergymen from most of the denominations represented in the Upper Peninsula, including the Marquette Diocese of the Roman Catholic Church. Chairman of the committee is the Rev. James Balfour, superintendent, Marquette District, Methodist Church.

# Conference Of Clergy Jan. 30 At Northern

"This Changing World" is the theme of the ninth annual Upper Peninsula Clergy Conference to be held on Monday and Tuesday, Jan. 30 and 31, at Northern Michigan University in Marquette. Sponsors are the Michigan Council of Churches, Northern Michigan University and the University of Michigan.

# Obituary

MRS. NAN J. SANTTI  
Complete funeral services for Mrs. Nan J. Santti were held at 2 p.m. this afternoon at the Alto Funeral Home Chapel with the Rev. Erland Carlson officiating. Burial was in South Bark River Cemetery.

NEWCOMER in the Navy's gunboat fleet is the USS Asheville, the first of 17 of the new class ordered by the Navy. The fastest craft of its size in service today, the 240-ton, aluminum-hulled ship is powered by a unique diesel-gas turbine system. It is armed with radar-controlled guns.

# Delta Enforces Medicaid Curb

Delta County Department of Social Services has had official word from the Michigan Department of Social Services and has curtailed Medicaid payments.

Gov. George Romney ordered a curtailment of Medicaid benefits because the Legislature, in authorizing this companion program to Medicare, appropriated only \$21 million for its first year's operation in three phases and the first phase is expected to cost the state \$39 million, or \$18 million more than the available fund.

Medicaid is a state-federal program to provide medical service to the poor who are receiving categorical welfare aid (Aid to Dependent Children, Aid to the Disabled, etc.) and to those who are "medically indigent." The state's definition of medically indigent is a family of four with an income of \$3,540 or less a year.

Medicare is a Social Security program all paid for by the federal government which provides hospital care for all persons over 65, rich or poor. It also offers a doctor insurance plan with the elderly paying part of the cost.

Medicaid is for all the poor of any age. It is administered by the state and paid for by the state and federal governments. It was authorized by the Michigan Legislature last summer and started Oct. 1 with hospital and nursing home care in its Phase 1 services.

Phase 2 was to start Jan. 1 and this is the phase that Gov. Romney curtailed to avoid a big state deficit. Phase 2 benefits are payment of doctor bills and drug bills. (Phase 3 to start Apr. 1 would provide dental services.)

Romney's curtailment restricts payment for doctors services and drugs to medically indigent persons in hospitals. They will not now become available to the medically indigent outside hospitals, only to persons receiving relief in one of the categories of welfare assistance.

These categorically eligible persons under Medicaid can get in-patient and out-patient hospital service, nursing home services, physicians' services anywhere, home nursing services, prescribed drugs and ambulance service when medically authorized.

# Dickinson And Iron Meet On Junior College

Community leaders from Iron and Dickinson counties have been invited to an information meeting next Wednesday evening, Jan. 11 to review the process of establishing a community college. Main speaker at the meeting, set for 7 p.m., CST, in the Kingsford High School auditorium, will be Dr. Max Smith of East Lansing, director of Michigan State University's Community College Cooperation Program.

Iron and Dickinson counties have completed a vocational and technical education needs survey with assistance from Michigan Tech and Northern Michigan University. The State Department of Education has now recommended that the area conduct a community college feasibility study. If a community college is found to be feasible for the area, public meetings will be scheduled later.

Also attending Wednesday evening's meeting will be Alex Canja of the Bureau of Higher Education, Lansing, and Leon Alger, director of the State Vocational Education Program, Lansing.

# Williams In Line For U.N. Post?

WASHINGTON—G. Mennen (Soapy) Williams, former assistant secretary of state for African affairs and six term Michigan governor, is being considered for another foreign affairs assignment, informed sources said Friday.

One job that has been discussed is the No. 2 post with the United Nations mission to the United States, replacing Dr. James M. Nabrit, who resigned recently to return to the presidency of Howard University here.

Williams declined to comment on his future, but he did discount reports that he was considering becoming an Episcopal priest.

"I once casually thought of it," he said.

# Powers-Spalding

The Happy Workers 4-H club, a newly organized group, met at the home of Mrs. Walter Petersen on Wednesday evening. They learned how to pin, fit and cut out a pattern. Mrs. Petersen and Mrs. John Pfeiff are leaders. Officers are as follows: President, Rose Carr; Vice President, Lynn O'Sullivan; Secretary, Joni Faser; Treasurer, Sharon O'Sullivan; Reporter, Deborah Pfeiff; Lunch and Clean-Up, Patty Petersen.

The Spalding Township volunteer firemen will hold their annual holiday party Saturday evening, Jan. 7 at the American Legion hall.

They had their regular monthly business meeting on Thursday evening at the fire hall. A representative of the natural gas company gave them instructions on what to do in case of an emergency natural gas fire explosion.

The St. Ann and Holy Name Societies will meet at the St. Francis Xavier Parish hall on Monday evening Jan. 9 at 8.

More people get more news from newspapers than from all other sources combined.

# Shriners Elect Manistique Man

MARQUETTE — Carl L. Carlson, Manistique businessman, is the new Potentate of Ahmed Shrine Temple.

Carlson was elected at the annual meeting Friday night at the Marquette Masonic Temple. He succeeds Milo E. Underhill of Marquette.

Ahmed Temple is composed of Shriners from throughout the Upper Peninsula.

Carlson is a past president, 1954, of the Manistique Rotary Club; a past exalted ruler, 1950, of the Manistique Elks Lodge; a past president of the Indian Lake Golf and Country Club, and a member of the Manistique Zion Lutheran Church.

For 36 years he has been in the lumber and fuel business and is currently in partnership with his brother, J. Mauritz Carlson, in the Manistique Lumber & Coal Co. He and his wife, Phyllis, have three sons, Robert of Manistique, Phillip, a student at the University of Michigan, and Thomas, a student at Western Michigan University.

Also elected as an officer was Charles Atwater of Manistique, captain of the guard. Arne J. Maki, Escanaba, was elected second ceremonial master.

# Management

A course in the everyday problems of property management for the experienced manager and the beginner will be given here this winter. "Real Estate Management," a required course in the University of Michigan's program leading to a Certificate in Real Estate, will meet for 11 sessions on Mondays, beginning Feb. 6, from 7 to 10 p.m. in Bay de Noc Community College. The instructor is Earl H. Closser.

Currency of the United States acquired the name of "greenbacks" because of the green printing on the reverse of the notes.

# Wind Causing Heavy Drifting Over Peninsula

(Continued from Page 1)

ings were issued by local weather bureaus for parts of North Dakota, Nebraska, Iowa, Minnesota, Missouri, Wisconsin and Michigan.

The Weather Bureau in Chicago said 4 to 8 inches of new snow could be expected in parts of the eight states.

The Duluth snowfall came in 12 hours. At Alpena and Souda, Mich., the snowfall totaled five inches in six hours. Salt Lake City got five inches.

Hazardous - driving warnings followed the heavy-snow reports and later bitter cold moved into the snow belt.

# Course

MARQUETTE — A course in home mortgage lending, "Real Estate Finance," will be offered here as part of the University of Michigan's program leading to a Certificate in Real Estate, Tuesdays, beginning Feb. 21. Instructor is Homer Hilton, Jr.

## Record Road Kill

For the first time in its history, the Upper Peninsula last year counted more than 100 highway fatalities in a 12-month period. During 1966 one hundred and one persons lost their lives on highways of the Northern Peninsula. That is an exceedingly sharp increase over the 68 lives claimed in traffic accidents in this region the previous year and even a heavy increase over the previous record year of 1948 when 81 persons were killed on our highways.

The fact that the state as a whole also established an all-time record of 2,243 highway deaths during 1966 is no comfort to the Upper Peninsula. Nor is it any comfort to acknowledge that the old state and Upper Peninsula fatality records were set 29 and 18 years earlier, respectively, when there were far fewer cars than there are now. For offsetting this is the fact that today's highways are designed for greater safety and today's cars are equipped with safety devices that were lacking then.

The number of highway fatalities in the Upper Peninsula is declining on the basis of millions of miles driven, but the Upper Peninsula toll last year ran well ahead of the national average in terms of population. If the Northern Peninsula's fatality total of 101 is equated with the region's population and these figures are projected nationally, we would have had approximately 63,000 traffic deaths in the United States in 1966 instead of the 40,000 that are estimated to have actually occurred.

The Upper Peninsula's population is growing, but hopefully its highway death rate will not grow as alarmingly in 1967 as it did in 1966.

## Conservation Inning

The recently adjourned 89th Congress established an outstanding record in action aimed at conservation of the nation's natural resources. Thomas L. Kimball, executive director of the National Wildlife Federation, contends that only the 88th Congress of 1963-64 recorded a list of conservation achievements at all comparable with the accomplishments of the 89th Congress.

"The 89th Congress, reflecting views of the public, was intensely interested in and concerned about man's contamination of his environment," Mr. Kimball said. "Many conservationists were amazed that major water and air pollution bills involving federal commitments to billions of dollars sailed through both the Senate and the House without one dissenting vote — yet it happened."

Of concern to the Upper Peninsula was legislation enacted in the 89th Congress to establish the Pictured Rocks National Lakeshore in Alger County and acquire the Sylvania Tract in Gogebic County for public recreation development.

But many of the other conservation measures approved will have a direct bearing on the Upper Peninsula's resources. The most important of these concern water pollution. The 89th Congress last year enacted the Water Quality Act, providing for establishment of standards of water quality.

This year Congress passed the Clean Rivers Restoration Act, greatly expanding the federal effort in water pollution control and stimulating state and local cost-sharing in the construction of waste treatment plants in the amount of \$3,400,000,000 over the next four years.

Congress this year also approved U.S. adherence to provisions of the International Convention of the Pollution of the Sea by Oil, a move to reduce damages to wildlife and desecration of beaches.

Following action last year to strengthen the Clean Air Act, particularly air pollution resulting from cars, Congress last year adopted additional amendments boosting the level of the federal air pollution control program and increasing grants to municipalities.

## 8.3 Million Cars Were Sold In '66

DETROIT (AP) — New car sales in the U.S. in 1966 rose past the eight million mark for the second consecutive year but fell some 378,000 cars short of 1965's record performance, reports reveal.

Preliminary sales figures from Ford, Chrysler, General Motors and American Motors showed 8,372,302 cars were sold in the U.S. market last year—a year which had plenty of ups and downs in its sales chart.

Sales started fast, giving rise to talk of a 9-million car year, but they dipped in April and never fully rebounded. The furor over auto safety was blamed by some industry sources as responsible for the sales slowdown.

methods but when the dummy hit the table either Hal or Willard would proceed to make up for any bad bidding by superlative play.

Hal liked to overbid in no-trump. Willard liked to hold back with a big hand until ready to jump to a final contract. This style explains Willard's pass with the South hand, his mere one heart response and his jump to six hearts. It also explains Hal's rebid to two no-trump with a singleton heart and no honor in the spade suit.

The final contract was optimistic but not unreasonable. It was just the method of bidding it that shows experts at work unlike experts.

East won the opening spade lead with the ace and returned the suit. Willard was on the lead with the king. He stopped to plan his play. Then he finessed dummy's jack of diamonds, cashed dummy's ace of trumps, ruffed dummy's four of clubs and ran off all his trumps.

With one trump left dummy was down to ace-queen-eight of diamonds and the king of clubs; West was holding king-nine of diamonds and the ace of clubs. The last trump lead squeezed West out of the diamond nine. Willard discarded the king of clubs from dummy and made the last three tricks with the diamonds.

## One That Didn't Get Away!

## Harnischfeger Warns

# Govt. Spending Inflating

CHICAGO — Inflation is accelerating throughout the nation and undermining all sections of the economy, Walter Harnischfeger, chairman of the board of Harnischfeger Corp., and honorary chairman of the Citizens Foreign Aid Committee said on a Manion Forum radio program this week.

"There are a number of causes, but the principal one is excessive government spending," said Harnischfeger. He voiced concern over increasing inflation in an interview with Clarence Manion, lecturer, constitutional authority, and author. "Our \$322 billion debt, plus the \$800 million obligation for services previously rendered, totals \$1 trillion, 122 billion," Harnischfeger said. "These obligations amount to nearly \$6,000 for every living American!"

Greatest Single Factor  
The foreign aid program is the greatest single factor in this nation's wasteful inflationary expenditures, he said. The United States gives away more than \$122 billion in officially recognized foreign aid, not including the billions of dollars in indirect aid, he said.

"Counting interest on money we have borrowed to give away, this total can be computed at \$187 billion," he added. Foreign aid has included \$35 billion in foreign military assistance, "most of which has been wholly wasted, for allies cannot be bought," he said. Our military assistance has "armed traditional enemies," he said, and led to wars that could have been avoided.

Aid Shrinks Exports  
"Artificially low interest rates" on long-term Agency for International Development loans and "ill-advised tariff procedures" have thoroughly dislocated this nation's

international markets, Harnischfeger said. Foreign aid shrinks exports and expands imports, he said, adding, "If our give-away program continues at its present

Walter Harnischfeger

international markets, Harnischfeger said.

Foreign aid shrinks exports and expands imports, he said, adding, "If our give-away program continues at its present

## Mao Purges His Foes

By RAY CROMLEY  
HONG KONG — (NEA) — There's a theory going the rounds that Mao has gone mad with power, that he is aiming to establish himself as a god. This theory holds Mao is getting ready to leap headlong into new disastrous economic projects and foreign adventures because of wild confidence in the infallibility of his own theories, thus leading Red China to destruction.

Some theorists hold that to achieve these ends Mao will throw troops into Vietnam to re-create the revolution and put the army into a better position to repress his critics.

These analysts may be right. This reporter has not talked to Mao for two decades. But the Mao this reporter knew is not the Mao being pictured above. Let's propose another theory based on the kind of a man Mao was at age 52. Men don't usually change much after that age.

Suppose Mao is in political danger, which he is. Suppose, to survive, he believes he must destroy his opponents. What better way to do this than to ask all men to ape his words? If a man apes Mao's words, he is either in real agreement or pretends agreement to save his skin.

If he pretends agreement in every utterance and every act he is in a weaker position to oppose Mao. It becomes difficult for Mao's opponents to know whom to trust.

Opponents that raise their heads stand out and can be destroyed.

Suppose Mao believes the Communist revolution in China will take 100 years to achieve. He knows he will not be around that long.

Since he wants that revolution to succeed, he must make certain that the men who lead when he is dead are men who believe in the revolution.

There are many in Red China who want the revolution to stop where it is or even move backward toward some private property and personal material incentives.

Some people want a better personal living. Farmers want land. Factory managers want

rate, our economy cannot long endure."

Domestic spending also has run rampant, he said, citing as examples Great Society programs, farm subsidies, subsidized housing, and ever-increasing taxes and wages without corresponding increases in productivity.

The nation's spending programs are leading to ominous inflation, resulting in high prices and over-expanded plant and business facilities, Harnischfeger said. If the present trend continues, he added, the end result could be complete socialization, as revealed in the history of inflation in countries abroad.

To prevent a breakdown of the entire free world economy, he said, the United States "must keep the home base strong — economically, militarily, and spiritually."

A national austerity program is essential and the foreign aid program should be eliminated, he said. "To restore a sound dollar, we must live within our means."

## Consumers See 'Good Times'

ANN ARBOR (AP) — While many were found to be worried or uncertain about current economic conditions, the University of Michigan reports that 55 per cent of consumers interviewed in a nationwide sampling expect "good times" to prevail in 1967.

Sixty per cent, the university's Survey Research Center said, expect business conditions a year from now to be about the same as they are today.

The center reported, however, that its latest survey showed "consumer attitudes and inclinations to buy" dropped 2.8 points in the last three months of 1966, but that this was a slower rate of decline than in the preceding six months.

It also said that worry and uncertainty stemmed partly from the conclusion of 53 per cent of U. S. consumers that there will be an income tax increase.

The center's survey covered 1,250 families.

## Bove In New Post

LANSING (AP) — Armand Bove of St. Clair Shores has been named deputy director for operations of the State Commerce Department. Bove, 34, formerly was a member of the State Liquor Control Commission.

These opponents may yet defeat him. If they cannot destroy Mao—because Mao is the symbol of the revolution—they may destroy Mao's successors.

The successors will not have the same historical aura protecting them.

## Letters To Ann Landers

### The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer. The right to condense letters is reserved.

THANKS  
Too often we fail to thank our young people for the kind and thoughtful things they do!

Somehow, I hope the young man, a student living in or near the vicinity of Escanaba, will read this letter of appreciation.

Unfortunately, I do not know his name, but on the night of Dec. 30, he was driving home and picked up my son up about 11:30, at night, near the Milwaukee Airport, who was hitchhiking home from the Armed Services for the New Year's weekend, and dropped him off at our front door! You can imagine how happy and delighted our son was for this fortunate ride. As a parent it was a heart warming feeling to have our boy safely home, and we are so very grateful to this young man for his most generous deed.

Mrs. Arnold  
1235 S. Park Drive  
Neenah, Wis.

## People, Events Of Yesteryears

From the Files of the Escanaba Daily Press 25 Years Ago

Willis J. Anthony was elected president, treasurer and general manager of the Escanaba Veneer company at a recent meeting of the board of directors to succeed the late T. M. Judson. Attorney Robert L. Drake of Jackson was named vice-president, and W. John Anthony Jr. was elected assistant secretary-treasurer.

Despite sub-zero temperatures as low as -15 degrees, 44 women reported last night at the Red Cross headquarters here to begin the course of first aid training being sponsored by the F. E. O. Sisterhood. The course is being given in the interests of civilian defense.

50 Years Ago  
Members of the Escanaba Gun and Game Club will participate in the final shoot for the Dupont Trophy and the semi-final shoot for the Lohmiller Cup later this week. G. R. Stegath leads in the scoring for the Dupont trophy, but he expects to run into some terrific opposition in the final shoot.

The final roller skating party of the season was held recently, and the work of turning the Coliseum into an indoor ice rink began by manager Richard Plath and a crew of assistants. The ice rink is to be ready for skating by the end of next week.

## Praise The Gal, Let Son Be The Knocker

Dear Ann Landers: Our son is a sophomore in a university 400 miles away. The girl he dated before he left files to see him every few weeks.

When he comes home for holidays and special occasions Rita (fictitious name) meets him at the airport. This is a privilege his father and I would enjoy.

Evidently the girl never has to check with her parents concerning meals or curfew. She is at our house for lunch and dinner every day and then they go out for the evening. We get to see very little of him when he is home.

We want our children's friends to feel welcome but don't you think it is in poor taste for this girl to hang around so much? We have talked to our son about her constant presence and he defends her — saying, "She is here at my invitation."

Are we old-fashioned or as the kids say "square"? What, in your opinion, is the best way to handle this? — FOGGIES IN OUR 40'S

Dear Fogies: Kill Rita with kindness. Give her so much hospitality that she chokes on it. If you knock the girl you will force your son to defend her. Praise her to the skies — find something to admire — and soon your son will be knocking her.

Any gal who is as aggressive as this one stands a good chance of losing her boy friend — if his parents, especially his Mom, stay out of it.

Dear Ann Landers: The letter about the youngster who bought her mother a card of buttons at the dime store for her birthday reminded me of a bitter experience. This story has a good moral and I hope you will print it.

Several years ago my granddaughter, who was then five years old, picked a rose from the neighbor's garden. She wanted it for her mother. When the neighbor saw her began to shout and curse. I immediately asked the man how much he thought the rose was worth. He said, "Five dollars." I gave him a \$5 bill and he seemed satisfied. Then I looked up the street and saw my daughter-in-law hitting the little girl with a stick. The child had tried to give her mother the rose and her

mother was beating her. I have never seen such a sad little face in my life.

That night I told my son about the incident and both he and his wife suggested that I mind my own business. A terrible argument followed. That was seven years ago and I have not been inside their home since.

Last week my son called and said they had taken the girl to a specialist because she is "disturbed." The specialist suggested that the girl should be placed elsewhere. My son asked me if I would take her. How can I undo all those early years of abuse and fear? Please tell me. — HEART-BROKEN GRANDMOTHER

Dear Grandmother: Children who are emotionally damaged because of extremely harsh treatment often carry the scars forever. Generous doses of love and understanding in a new environment could help your granddaughter find her place in the world. I hope you will give it a try. There is much to be gained and little to lose.

"The Bride's Guide," Ann Landers' booklet, answers some of the most frequently asked questions about weddings. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed envelope and 35c in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## MANISTIQUE

WILLIAM JOSEPH YOUNG, son of Mr. and Mrs. George Young of Manistique, was born on New Year's Day in Schoolcraft Memorial Hospital. He checked in to start the year at 8 lbs. 4 oz. (Daily Press Photos)

## Harvey Saunders Rites Tuesday

Funeral services for Harvey C. Saunders, 88, of Germfask, long-time associate in the logging industry here and a writer on early lumbering history of the area, will be held at 2 p.m. Tuesday from Messier-Broulliere Funeral Home.

Burial will be in Lakeview Cemetery. Friends may call at the funeral home beginning at 2:30 p.m. Monday. Members of the Masonic Lodge will meet at the funeral home at 7:45 p.m. Monday for services at 8.

Mr. Saunders died Jan. 5, in LaFeria, Tex., where he had spent the past 10 winters. He was stricken suddenly at 7:30 p.m.

Born in Greenfield, Maine, May 9, 1878, he had spent most of his life in the Germfask area. He conducted log drives on rivers, working with Frank Cookson. His last employment was with the U.S. Dept. of Interior at Seney Wildlife Refuge.

Surviving are his widow, the former Sadie Eastman; two sons, Lyle of Hampton, Va., and

Harvey C. Saunders

George of Appleton, Wis.; a daughter, Mrs. John Manning of Green Bay, nine grandchildren and one great grandchild.

He was a member of the Order of Eastern Star, Chapter 54, and was the oldest living member of Lakeside Lodge 871, F&AM. He attended First Methodist Church.

## Hoholik Wins Combat Badge

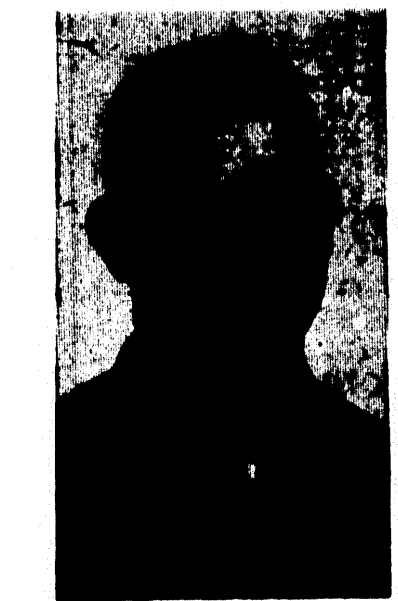

The Combat Infantryman's Badge, mark of distinction for the fighting soldier, was awarded to Pfc. Richard P. Hoholik, 19, son of Mr. and Mrs. Roland B. Hoholik, 226 Deer St., Manistique, at Cu Chi, Vietnam.

He is assigned to Company C, 2nd Battalion of the 25th Infantry Division's 27th Infantry as a gunner.

The badge has been awarded since late in World War II for sustained contact against an enemy in ground action. The badge is a blue rectangle with a silver rifle mounted on it and a curved wreath at the top. Subsequent awards are represented by stars in the center of the wreath.

At least 30 days of contact with hostile forces in Vietnam is required to be eligible for the award.

Pvt. Hoholik entered the Army in March 1966. He was graduated from Manistique High School in 1965 and attended Northern Michigan University, Marquette. Before entering the Army, he was associated with Hoholik's Plumbing and Heating.

JAMES PEASLEY has accepted a position as soil conservation technician serving Schoolcraft and Luce-West Mackinac Soil Conservation Districts. He comes from Blanchard, where his parents operate a 120-acre dairy farm and apply conservation practices such as crop rotation, tree planting, minimum tillage, crop residue use. He is a graduate of Lakeview High School and Ford Forestry Center of Michigan Technological University.

## Women's Activities

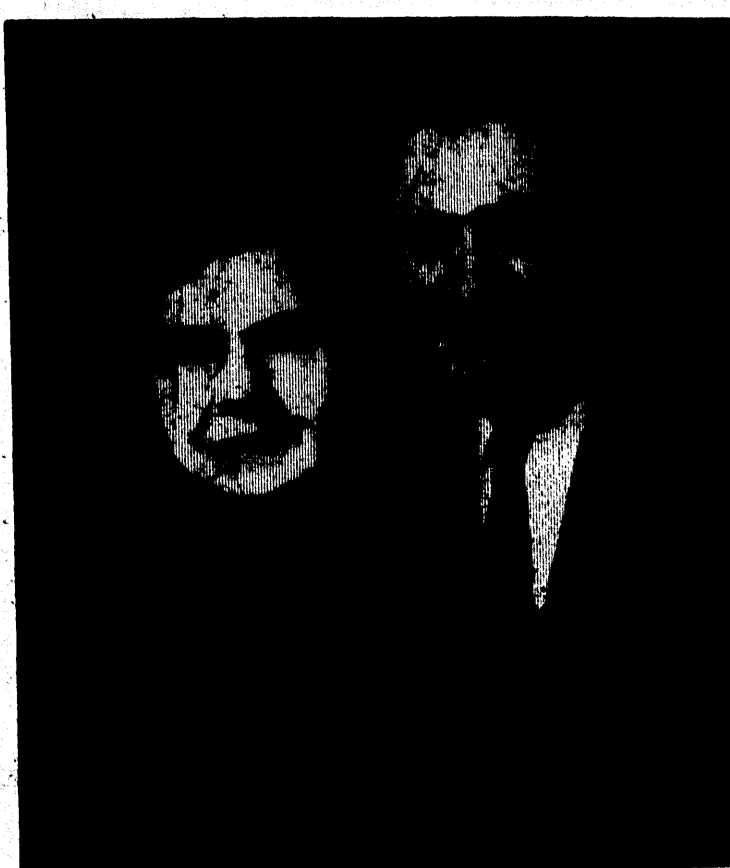

## St. Patrick's Guild Will Meet On Monday

St. Clare Circle of St. Patrick's Guild will host members of the Guild and guests on Monday, Jan. 9 in St. Patrick Hall. The business meeting is scheduled for 8 p.m. and will be followed by dessert and cards.

The committee is headed by Mrs. George Walker, chairman, who is in charge of tallies and place mats with Mrs. Bennett McCauley and Mrs. Mose Martin, assisting chairmen of telephone, dessert and special prizes. Mrs. James G. Degnan is in charge of table prizes.

Assisting hostesses during the evening will be the Mesdames Harold Anderson, Roger Baker, Donald Boyce, Mary Bucholtz, Francis Carver, Clifford Dubord, Mary DeMars, John H. Erickson, Rudolph Erickson, Dan Gallagher, Stella James, Edward Kleinkamp, Walter Kulek, Ed Lark, George Maden, Omer Morey.

J. D. Murray, William O'Connell, William Roddy, R. Sarasin, Joseph Schels, Mary Sennedburg, George Snyder, A. Soblak, John Trotter, Russell Willyard, E. J. Woelner, and the Mesdames Bernadette Brennan, Ann Erickson, Mollie Gafney and Alice Gafney.

Mr. and Mrs. Carl Fassbender (Riding's Studio)

## Carl M. Fassbenders Mark Golden Wedding

Mr. and Mrs. Carl M. Fassbender, long time residents of Escanaba are celebrating their golden wedding anniversary on Sunday, Jan. 8 in Burlingame, Calif. They were accompanied to Burlingame by their son, Carl Fassbender, Jr. and family and were met by their daughter, Mrs. Harry (Geraldine) Kott and son, Mark.

The festivities of the happy occasion will open with Mass at St. Catherine's Church. A dinner for the immediate family and friends will be served at their daughter's home in Burlingame.

Mr. Fassbender and the for-

mer Alverna Dupuis were married Jan. 8, 1917 at St. John's Church in Marquette by Magr. Jodoy. Their attendants were the bride's sister and brother, Elsie and Walter Dupuis, both of Marquette. Mr. and Mrs. Fassbender who were both born in Marquette have lived in Escanaba for 49 years.

Mr. Fassbender, a machinist with the C. & N. W. Railway retired in 1959 after 43 years of service. He was with the D. S. S. & A. Railway 6 years prior to going with the C. & N. W. Railway.

They are members of St. Anne's Church and Mr. Fassbender is a life member of the International Association of Machinists and in 1964 received his 50 year membership pin.

The Fassbender family includes three children and seven grandchildren. The sons and daughter are Mark D., Vallejo, Calif., Mrs. Harry (Geraldine) Kott, Burlingame, Calif. and Carl J. of Escanaba.

## Births

CARON—Mr. and Mrs. Robert Caron are the parents of a son, Michael Paul, born Jan. 6 at 5:40 a.m. The baby weighed 9 pounds 1 ounce. Mrs. Caron is the former Mary Perryman of Muskegon Heights, Mich.

REEVES—A daughter, Karen Sue, weighing 6 pounds and 3 ounces was born at 8:18 a.m. on Dec. 20 at Frankfurt General Hospital in Germany to Sgt. and Mrs. John Reeves. The Reeves have one other daughter, Patricia Ann. Sgt. Reeves is the son of Mr. and Mrs. John Parins, 210 Stephenson Ave. The mother is the former Mary Gould. Sgt. Reeves is a squad leader with the 3rd Armored Division in Gelnhausen, Germany.

## Florida Romance In Bloom, No Marriage Yet

KEY LARGO, Fla. (AP) — Gov. Claude Kirk says he would have to clear with the Episcopal bishop of Florida any plans to marry Brazilian Erika Mittfield.

The state's first Republican governor in 90 years turned up at Key Largo Friday with the attractive Miss Mittfield. They denied reports that they would wed immediately and then sailed away in a yacht.

Both Kirk and Miss Mittfield were tanned and relaxed. They were sailing clothes and smiled often while answering questions of reporters aboard the 50-foot luxury yacht Security Risk.

Miss Mittfield, said to be in her late 20s, recently divorced Brazilian theatrical producer Carlos Eduardo Dolabella. Kirk also is divorced.

Pressed for specifics about the wedding reports, he said he would "have to clear that with the bishop."

He referred to the Rt. Rev. Hamilton West, Episcopal bishop of Florida, who has said divorced church members must wait at least a year after getting a decree to remarry. Kirk was divorced from his former wife, Sarah, for the second time last March.

Kirk said he and Miss Mittfield were well-chaperoned during a three-day stay at the Yacht Club, a favorite hideaway for privacy-seekers.

The governor left Palm Beach amid a storm of controversy over his call for a special session of the Florida Legislature Monday to revamp the state's proposed new constitution.

Members of the predominant Democratic legislature have complained that Kirk handed them a hot potato.

## Mrs. A. E. Houle First Retiree At U.P. Library

Mrs. A. E. (Blenda) Houle was the first employee to retire from the U.P. Branch of the State Library when she finished work on Friday.

She began working at the Branch on July 24, 1956, when the staff consisted of two professional librarians and two clerks, and the book stock numbered around 2,000 volumes as compared with the present collection of 50,000. At that time a monthly circulation of 200 books was reason for a celebration, while today a circulation of 4,500 is routine.

Mrs. Houle is looking forward to a life of many interests. Her two married sons, Billy and Sandy, their wives, and her granddaughter live in Escanaba, as well as step-children and step-grandchildren. Her youngest son, Wally, is living at home. Both Sandy and Wally are students at Bay de Noc Community College. Mrs. Houle's mother, Mrs. Gottard Arntzen, and two brothers, Arne and Walter Arntzen, also live in Escanaba.

Mrs. Houle is active in choir and church groups at the Immanuel Lutheran Church. She paints, studies the piano, and plans later to travel.

Dear Heloise: Here is my suggestion of a game for young children who are shut in while sick, or on a rainy day.

My older children have some bath soap in the shape of various characters and animals. For my three year old, I set up a bowling game using the soap figures and a small plastic ball.

The plastic ball doesn't chip the soap, and he has a "ball" bowling them over on the kitchen floor.

Mrs. R. E. King This would be darling because of the cute figures and the beautiful colors that some soap comes in.

If you don't have the soap figures, one could use small plastic bottles and a tennis or ping-pong balls.

Heloise

Dear Heloise: Just wanted to let you know of another way I found to use your nylon net.

A friend was complaining of that awful itch under her cast after she broke her ankle.

I took my son's extra long pencil and attached a little puff ball of net to the eraser, and she used it to relieve the itching. Worked wonders.

Zita Wessa

Heloise welcomes all mail, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers' questions in her column whenever possible.

## Personals

Mrs. Dan Beauchamp of 409 S. 13th St., Escanaba returned Thursday after visiting in Milwaukee with her son and two daughters and their families, Mr. and Mrs. Howard Morreau and Jacqueline, Mr. and Mrs. Leno Pegoraro and family and Mr. and Mrs. John Mahalik and Susan.

Susan Garrard, 1106 7th Ave. S., is among the seventy members selected to be in the Concert Band of Lawrence University, Appleton, Wis. Under the direction of Fred Schroeder, this group presents three major concerts a year. During the second term of the academic year, the group will make a weekend musical tour of several Wisconsin communities.

## Church Events

Attend the Church of Your Choice

When Kathy prays

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When Kathy prays I can almost hear angel wings flutter. Her simple conversations with God are so full of trust and confidence, I feel as though I am standing at the doorstep of heaven. After prayers, I tuck her into bed, turn out the light and go downstairs. And I find myself continuing the conversation she has started. My prayer is always the same... that as she grows, and her needs and wishes change, my little girl will continue to develop her understanding and love of God. How grateful I am for my church. It has been a constant source of inspiration for my own religious growth. I know it will be ready to help me answer Kathy's questions. It is wonderful to know that I do not have to tackle the religious education of my daughter alone. Attend your church. Let it help you as you guide your child's religious thinking.

## In This Corner

with Ray Crandall

The Milwaukee Journal, in a by-lined story last Sunday, blew a nice article on Dave Manders, Dallas Cowboy center . . . The author listed Manders' home town as Escanaba . . . All football fans of the region know, of course, that Manders got his football start at Kingsford.

Con Zagodzinski came off the bench in the second half and turned in an outstanding performance in Northern's 87-84 setback at University of Minnesota-Duluth . . . The 6 foot 5 inch former Holy Name star hit on four field goals and four free throws for 11 points . . . He has tallied 80 in six games and 750 in his Northern career . . . The Wildcats, now 1-5, travel to Central Michigan Monday and then return to Marquette for six straight home starts.

The Copper Country makes a strong claim as the powerhouse of Upper Peninsula prep basketball . . . Two teams from that region are among the seven still boasting undefeated records this season . . . Copper Country teams have appeared in the state championship basketball games in nine of the last 12 years with Chassell winning three crowns, Mass, Houghton and L'Anse one each.

Jon Cameron, 6 foot 3 inch freshman from Manistique, paced Suomi College of Hancock to a 117-92 triumph over Rice Lake (Wis.) this week with a 22 point scoring performance . . . The victory was Suomi's 11th in 13 starts this season.

Observers rate L'Anse stronger this year than last season when the Hornets swept to the state Class C cage championship . . . Undeclared in their first five starts, the Hornets have averaged 88 points while holding their opposition to 48 per game . . . Gerry Gerard, 6 foot 5 inch pivotman, is averaging 30 points per contest.

John Bennis, former Pickford all-stater, is the leading scorer on the Lake Superior State College team in Sault Ste. Marie with 224 points and a 22.3 average . . . Rejoicing the Lakers following the holiday vacation is Ron Sober, a 6 foot 3 inch junior who led the team in scoring with 415 points as a sophomore last year when the Hornets posted a 18-4 record . . . Sober has transferred back to Lake Superior after putting in the first term at downstate Alma College.

## Schmidt Gets Gilmer's Job

DETROIT (AP) — Harry Gilmer is out as coach of the Detroit Lions and Joe Schmidt is standing in the doorway.

William Clay Ford, owner of the National Football League team, officially fired Gilmer Friday. Gilmer had one year left on his three-year contract.

Ford said of Schmidt, "Joe is my only candidate for the job. I discussed the situation with him recently."

Gilmer will be paid in full

## Four Northern Players Taste Albeck's Ire

MARQUETTE — Four Northern Michigan University basketball players have been disciplined, three for the remainder of the season, for training rule violations.

Out for the year are junior center Bill Driskell of Robins, Ill.; first year forward Mike Gault of Marion, Ind., and first year guard Terry King of Anderson, Ind.

Bench until Jan. 30 is first year center Ted Rose of Louisville, Ky.

Announcement of the disciplinary action was made by NMU head cage coach Stan Albeck.

## Michigan Tech Rally Is Short

MANKATO, Minn. (AP) — Mankato State weathered spirited rallies by Michigan Tech late in each half to post a 71-68 Northern Intercollegiate Conference basketball victory Friday night.

The Indians broke away from a 35-35 tie for a 40-35 halftime lead, then built an 11-point lead in the second half, only to see the Huskies rally to trim the county to only 70-68 in the final minute.

## Crusader Tilt Slated Today

The Holy Name-Kingsford basketball game scheduled at the Holy Name gym last night was postponed to this afternoon because of the storm.

The varsity game will begin at 3 p.m. Freshman teams clash at 1:15 at St. Joe and the jayvees teams tangle at 1:30 at Holy Name.

## Princeton Also Has Sophomore Star, 6-Foot-9 Chris Thomford

By The Associated Press  
Big Lew Alcindor who has led top-ranked UCLA to eight straight victories isn't the only former New York City youth making good in college basketball. There's Chris Thomford of Princeton, who is helping bring back some of the glory days of the Bill Bradley era to the Nassau Tigers.

Alcindor and Thomford both are 19-year-old sophomores, but there's a difference. Alcindor is 7-foot-1, Thomford 6-foot-9. Princeton, rapidly forging to the fore nationally, made it 10 victories in 11 starts by crushing Brown 94-50 Friday night at home in their Ivy League opener. Thomford set out 18 minutes but still paced the Tigers with 24 points.

With big Chris gladdening the heart of Coach Bill van Breda

Kolff, Princeton reeled off eight straight victories before losing to second-ranked Louisville 72-63 in the final of the Quaker City Classic at Philadelphia.

The Tigers bounced right back last Monday and knocked third-ranked North Carolina out of the unbeaten ranks 91-81. That was on the road, too.

Texas Western, the defending national champion, was the only team in The Associated Press Top Ten to see action. The sixth-ranked Miners crushed Southern Mississippi 84-54 at El Paso, Tex., led by David Lattin's 24 points.

Oregon State opened defense of its Pacific-8 crown by upsetting California 45-42 at home on Vince Fritz' layup with 13 seconds left. Stanford, also playing at home, edged Oregon 69-65 behind Don Griffin's 23 points,

# Wood's Cagers Get Revenge For Early Stephenson Defeat

GLADSTONE — Coach Bill Wood's Gladstone Braves gained revenge for one of their earlier season setbacks by measuring Stephenson, 67-54, in non-conference competition here Friday night.

The game was not as close as the final score would indicate. Gladstone built up an 18

point lead midway in the fourth quarter and reserves played the rest of the way.

With John Watson and Dan Pepin turning in their best performances of the season, the Braves ballooned a 14-13 first period lead to 32-21 at the intermission. The Eagles were never able to recover, and

trailing by a 63-45 margin with three minutes to go in the final frame.

Four Braves reached high double digits, paced by sophomore Steve Nelson who tossed in 19 points. Watson contributed 14, Pepin and Mark Stupak 13 each.

Watson and Nelson, both a shade under the 6 foot 4 inch mark, dominated the boards. Each came down with a dozen missed shots.

The Braves poured in 29 of 62 attempts from the field for a respectable 46 per cent shooting average. They added 9 of 13 from the free throw line.

Coach Guss Lord's Eagles, suffering their sixth defeat in seven starts, canned 21 of 59 shots from the floor for 35 per cent and added 12 of 17 from the line.

Three Eagles reached double figures with John Gunderson and Bruce Weng hitting 13 points and Guss Lord 12.

Stephenson won the jayvee preliminary, 54-38.

## Redskins Trip Champion Team To Avenge Loss

CHAMPION — The Hermansville Redskins avenged one of the two defeats on their record this season when they defeated Champion, 88-70, here Friday night.

Coach Don Hill's cagers raced to a 46-33 halftime bulge and were never headed.

Randy Fochesato bounced in 35 points on 12 field goals and 11 free throws to boost his season scoring total to 257 in nine games. Doug LaCourcier added 19 for the Redskins who fashioned their seventh victory.

## Otto Graham Is No Killer

MOBILE, Ala. (AP) — Joining the pro coaching ranks hasn't brought out a killer instinct in Otto Graham.

"Winning still isn't everything to me," said Graham, who took over as coach of the Washington Redskins a year ago after seven relaxed years at the Coast Guard Academy.

"My philosophy has always been that you should put on a good show," he said, "although winning is important, too."

Graham, whose Redskins won half of their 14 games in his first try at coaching in the National Football League, said he would rather have an exciting year than a dull, winning season.

"I would rather lose a close, exciting ball game than win every game 3-0," said Graham, who added that he is blessed with sophisticated fans at Washington.

"They don't demand that we win all the time, but they like good, exciting football," Graham said before today's Senior Bowl in which he was coach of the South All-Stars.

Graham, lured from the quiet life of Coast Guard coach by a big salary and a long contract at Washington, said he coaches his Redskins just about like he did his academy boys.

## Want To Send Good Luck To Packer Club?

Want to send the Green Bay Packers a Good Luck message by telegram for their Super Bowl game against Kansas City in Los Angeles Jan. 15?

A group of solid Packer Backers in Escanaba has come up with a plan to send their favorite pro football team a telegram wishing them luck in the title clash. If you want to add your name to the list, at a nominal fee, you can call members of the group at ST 6-6039, 1848, 3411 or 7605. Any money left over from the telegram charges will be donated to the John F. Kennedy School here.

Within a few hours of making their plans the telegram sponsoring people had raised \$43.

# Griese Fires Long Bombs In Hula Bowl

HONOLULU (AP) — Two touchdown bombs from Bob Griese of Purdue to Dave Williams of Washington in less than a minute of the fourth quarter provided the margin in a 26-27 victory for the North over the South Friday night in the annual Hula Bowl game.

With his team trailing 21-16, Griese hit Williams for a 43-yard touchdown. Fifty-five seconds later, the same combination clicked for a 40-yard touchdown.

Williams was named outstanding lineman of the game. Elusive Charlie Brown of Missouri who ran for 111 yards, making two touchdowns for the South, was named the outstanding back, even in a losing cause.

## Big Ten Cagers Open Campaign

CHICAGO (AP) — The Big Ten basketball race will begin on a full scale Saturday with all 10 teams in action.

Only one conference game has been played to date in the contest, Illinois defeated Wisconsin 87-74 last month.

Illinois will attempt to remain in the lead by sweeping past Michigan State. Although the game is at Champaign, the Illini will be hard pressed following the loss of their three big men who allegedly received illegal benefits.

Michigan State has lost three of its last four games but the Spartans — pre season favorites to win the title — should be

PAUL MILLER, Escanaba's 6 foot 1 inch senior forward, drives in for two of his 25 points in the game against Sault Ste. Marie at the Esby gymnasium Friday night. (Daily Press Photo)

# Escanaba Trounces Soo For 7th Court Decision

The Escanaba Eskymos found Sault Ste. Marie's helter skelter basketball style a bit disconcerting here Friday night but had little trouble disposing of the Class A Blue Devils, 79-50.

Coach Harold Johnson's Great Northern Conference leaders grabbed their seventh decision in eight starts while Soo went under for the seventh straight time this season.

The outcome of the game was evident after only five minutes of action as Escanaba moved out to a 12-0 lead behind a barrage of buckets by Dave Nyquist, Paul Miller, Bernie Larson and Bob Myrvall.

The Eskymos built a 16-8 lead at the end of the quarter, spread it to 35-22 at halftime and Johnson substituted heavily the rest of the way. All 13

players on his squad saw action and nine of them contributed to the scoring total.

Although they did not display the form seen in some of their previous victories here, the Eskymos dominated all phases of the game. The Blue Devils were outclassed on the board, from the field and from the charity line and never really offered the Eskymos any competition.

Miller and Nyquist led Esby in the scoring department by matching the entire Soo output with 25 points apiece. For Miller, that raised his season total to 202 and it maintained his 25 point average per start. Nyquist dominated the rebounding de-

partment with able assistance from Larson, Myrvall and Jim Boyle.

The Eskymo jayvees won the preliminary game, 59-37. Next game for Escanaba will be a home stand against Gladstone Tuesday night.

Box score:	FG	FT	PF	TP

Manchester Book Reports

# JFK Rated Dallas Visit 'Imposition'

By RELMAN MORIN  
NEW YORK (AP) — Five prominent Democrats strongly urged President John F. Kennedy to omit Dallas from the itinerary of his fateful tour of Texas in November 1963, because they feared the highly charged atmosphere of antagonism to him in the city.

"Dallas is a very dangerous place," Sen. J. William Fulbright of Arkansas was quoted as telling the president. "I couldn't go there. Don't you go."

Four other men expressed grave anxieties about Kennedy's intention to visit Dallas. William Manchester reports in his controversial book, "The Death of a President."

"An Imposition"

Manchester writes that Kennedy himself regarded the entire Texas tour, undertaken for political purposes, as "vexatious and unappealing ... an imposition."

Look magazine issued today the first installment of a four-part, 60,000-word serialization of Manchester's book. Mrs. John F. Kennedy withdrew her objections when revisions were made but did not approve or endorse the articles. A spokesman for Look quoted Gardner Cowles, editorial chairman, as saying the changes entailed only 1,600 words and "in no way affected the historical accuracy or completeness of the book."

Regarding the relations between Kennedy and Vice President Lyndon B. Johnson prior to, and during, the Texas trip, Manchester wrote:

Johnson "A Cipher"

"Politically, he — Johnson — had become a cipher because he lacked a power base ... Mrs. Johnson had never seen the inside of the famous presidential plane, Air Force One. If Johnson wanted to use a plane, he had to apply to the president's Air Force aide, Brig. Gen. Godfrey McHugh, and sometimes — mortifying to a man of his extreme sensitivity — the request was denied. Moreover, LBJ had now become aware of groundless but persistent rumors that he might be dropped from (the 1964) tickets."

And in San Antonio:

Mrs. Kennedy heard "raised voices" in a hotel room to which Kennedy had summoned Johnson. "He — Johnson — did not define the nature of the discussion," Manchester wrote. "Precisely what was said is unknown ... Johnson controlled his celebrated temper in his chief's presence, but in the words of one man on duty outside, 'He left that suite like a pistol.'"

Another said, "He looked furious."

## Romneys Laugh Over Choice As 'Best Dressed'

LANSING (AP) — Gov. George Romney "just doesn't pay that much attention to his clothes," says a source close to the governor's wife.

"That's why, when the fashion foundation of America named Romney as the best dressed man in government this week, we laughed ourselves sick," Lenore Romney said.

"Not that he shouldn't be listed as well dressed, she added. "I think the reason he was chosen to be on the list is that he looks so good in his clothes," said the wife of the handsome, silver-haired governor, who is considered a likely choice for the 1968 Republican presidential nomination.

"He has square shoulders and he just looks, well ... neat and trim," said Mrs. Romney. "I always have thought that of him anyway."

"And if the governor hasn't worried much about fashion, he has. Before he became governor in 1962, Mrs. Romney chose at least half of his wardrobe."

Romney's preference is for casual, conservative clothes — "the kind where he can put his hands in his pockets and be comfortable," the First Lady said.

taken as a definitive history of the assassination.

Manchester reports that Texas Democratic Chairman Byron Skelton was among those who counseled against the decision to bring the president to Dallas. Skelton wrote the President's brother, Atty. Gen. Robert F. Kennedy, that he would "feel better if the president's itinerary did not include Dallas."

"Hornet's Nest"

Skelton felt so strongly about it that he flew to Washington and talked with Democratic National Chairman John Bailey and Jerry Bruno of the Democratic National Committee, the book says, adding that Skelton's efforts came to "an enormous zero."

The book quotes House Whip Hale Boggs of Louisiana as saying, "Mr. President, you are going into a hornet's nest."

Kennedy replied, "Well, that always creates interesting crowds." He said the thought that a president of the United States could not go into any American city was totally unacceptable to him.

Sen. Hubert H. Humphrey of Minnesota and Ambassador Adlai E. Stevenson also harbored misgivings about the Dallas stop for the president.

"In Dallas itself there was genuine alarm," Manchester writes. "Both newspapers ran editorials calling for restraint. Police Chief Jesse Curry publicly put Dallas on notice that his department would take 'immediate action to block any improper conduct.' He drew on every available reserve."

"Political Decision"

The book discloses that Kennedy's motorcade might never have passed the Texas Book Depository Building — where Lee Harvey Oswald was lurking — but for what the author calls a "political decision."

Those arranging the president's program in Dallas once considered the Woman's Building as the site of the luncheon to be given for him. Instead, the Trade Mart was chosen and Kennedy's automobile passed beneath the windows of the book building.

"The decision was a political decision made by politicians," Manchester wrote.

The Warren Commission found that Oswald, stationed in a sixth-floor window of the book building, fired the shots that killed Kennedy and wounded Texas Gov. John B. Connally. Its report says Oswald acted alone.

Manchester evidently came to the same conclusion, for he attempts to probe for Oswald's motive. He attributes it to the fact that Oswald was the "diametric opposite" of Kennedy, contrasting their respective records in the armed forces and writing that Kennedy was "all-powerful" while Oswald was "impotent."

"Kennedy was cheered; Oswald ignored," the book says. "Kennedy was beloved; Oswald despised. Kennedy was a hero. Oswald was a victim."

## Conservation Body Asks \$64.8 Million

LANSING (AP) — The State Conservation Department will ask the Legislature for a record budget of \$64.8 million next year, mainly to finance proposed increases in park development and water pollution control.

The proposed budget for the 1967-68 fiscal year would be up \$29.3 million from this fiscal year.

It still needs approval of the State Conservation Commission, which meets at Lansing Jan. 13, plus approval by the Legislature and governor.

About \$10 million of the increase would be for the department's 10-year program of state park development.

Another \$9 million would be used to qualify Michigan for about \$18 million in federal funds for water pollution control, with \$9 million more needed from local governments to match the federal aid.

The department also asked for about 475 man-year positions, mainly to boost field operations. These would include jobs in the parks, forest fire, forestry, fish, game and law enforcement divisions.

Also included in the budget is a \$500,000 item for state grants to local governments for outdoor recreation facilities.

The department, in asking for the increase, said it is faced with unprecedented demands for public services, recreational facilities and water pollution control.

## Chicago Faces School Strike

CHICAGO (AP) — About 600 junior college teachers have struck the Chicago junior college system, and many of the city's 23,000 elementary and high school teachers threaten to do the same Monday.

Local 1600, Cook County College Teachers Union called Friday's strike at eight junior colleges. A spokesman for the colleges estimated at least half the 335,000 junior college students stayed away from classes.

The teachers struck after the Chicago Junior College Board turned down demands for an increase of \$1,650, smaller classes and a lighter course load.

In another dispute over wages, the Chicago Teachers Union, which claims to represent 13,500 of 23,000 elementary and high school teachers, prepared for a strike Monday. Such a walkout would be the first in the city's history.

## Northwood Bows To Indiana Team

ANGOLA, Ind. (AP) — Tri-State lost a 16-point lead but finished strong to defeat Northwood of Michigan 101-88 in college basketball Friday night.

The Engineers led 51-44 at halftime, but Northwood caught up at 57-57 and went ahead at 64-63. Tri-State regained the lead at 67-66 and built up a comfortable margin.

Jerry Pettway of Northwood was high with 30 points. Ed Schmalz and Terry West scored 27 each for Tri-State.

The island of Marajo, off the coast of Brazil, is larger than Switzerland.

EVER-PRESENT DANGER on the Vietnamese battlefields are the tall punji stakes, in background, planted by the Viet Cong to penetrate helicopters such as this U. S. Marine chopper which has just landed a group of Vietnamese Marines in a rice paddy.

## Conservation Body Asks \$64.8 Million

LANSING (AP) — The State Conservation Department will ask the Legislature for a record budget of \$64.8 million next year, mainly to finance proposed increases in park development and water pollution control.

The proposed budget for the 1967-68 fiscal year would be up \$29.3 million from this fiscal year.

It still needs approval of the State Conservation Commission, which meets at Lansing Jan. 13, plus approval by the Legislature and governor.

About \$10 million of the increase would be for the department's 10-year program of state park development.

Another \$9 million would be used to qualify Michigan for about \$18 million in federal funds for water pollution control, with \$9 million more needed from local governments to match the federal aid.

The department also asked for about 475 man-year positions, mainly to boost field operations. These would include jobs in the parks, forest fire, forestry, fish, game and law enforcement divisions.

Also included in the budget is a \$500,000 item for state grants to local governments for outdoor recreation facilities.

The department, in asking for the increase, said it is faced with unprecedented demands for public services, recreational facilities and water pollution control.

## Toll In Manila Bus Crash, 84

MANILA (AP) — The Philippine Constabulary said today the death toll may pass 100 in what was probably the world's worst highway tragedy when two buses loaded with Roman Catholic pilgrims collided and plunged into a 300-foot ravine.

The buses, part of a 57-vehicle convoy taking villagers to a church festival to mark the end of Christmas, toppled off a winding mountain road Friday. Eighty-four persons including at least 21 children, were killed and 59 others have been hospitalized in serious condition. Many of the injured were not expected to survive.

President Ferdinand E. Marcos today ordered 16 doctors and social welfare workers to the hospitals where the injured were taken after he received reports of a lack of adequate medical facilities at the small, provincial hospitals.

The scene of the accident was a narrow, twisting road 45 miles south of Manila. Officials said the ninth bus in the column apparently lost its braking power, rammed the bus ahead and both careened off into the gorge.

## Powell Ouster Move Sputters

WASHINGTON (AP) — Talk of compromise in the fight over the seating of Rep. Adam Clayton Powell in the 90th Congress spread today as the Harlem Democrat headed back to Washington and next week's showdown.

Powell's office said he was due back in the capital this weekend after fishing and sunning in the Bahamas for weeks and had scheduled meetings with several unnamed individuals.

House Democrats caucus at 10 a.m. Monday to organize for the new session and Powell's case is high on the agenda. The fight over seating him will take place Tuesday when Congress convenes.

The harsh probability that he might be denied his seat or tossed out as chairman of the Education and Labor Committee has eased a bit in the light of two recent developments:

— Speaker John W. McCormack came back to town and made it clear he had little sympathy with the anti-Powell move, which is being led by two junior members, Reps. Lionel Van Deerlin, D-Calif., and Sam M. Gibbons, D-Fla.

— The executive committee of the Democratic Study Group, which claims to have 145 of the 248 House Democrats as members, decided Friday to take an official hands-off policy on the issue.

## U.S. Court Hears Hoffa's Appeal On February 7

CINCINNATI, Ohio (AP) — The 6th U.S. Circuit Court of Appeals will hear oral arguments Feb. 7 on the latest appeals connected with Teamsters Union President James R. Hoffa's jury-tampering conviction in Tennessee.

The hearing will deal with Hoffa's appeal from the denial of a motion for a rehearing before the Cincinnati Appeals Court and the denial of a motion to grant him a new trial. Hoffa and three others were convicted at Chattanooga in 1964 and the U.S. Supreme Court rejected their appeals last year.

Hoffa was sentenced to eight years in prison and fined \$10,000 after the original conviction in Chattanooga.

Classified Ads Cost Little But Do A Big Job

RIVER PATROL of Viet Cong guerrillas, including a woman with a businesslike grip on a rifle, cruises a portion of the Saigon River in South Viet Nam. Led by North Vietnamese regulars, the group bears automatic weapons and uses leafy camouflage in their small boats, according to this Communist-released photograph.

## Deer Range Workers Busy

Conservation Department workers early last December resumed special range improvement cuttings for deer on state lands bordering deer yards.

One crew, equipped with chainsaws, cut in 8 different locations in December in District 3. When completed, 20 acres of hardwoods and aspen will have been felled, providing deer with tops for browse. More important, the regrowth of sprouts will provide increased food for several years.

Another crew in District 3 is operating a huge D-7 bulldozer equipped with a special shearing blade which is knocking down poor, non-commercial stands of aspen and red maple. The tops make immediate deer food available and the sprouts produced next spring will continue to feed deer. In December, 30 acres were thus treated.

The brushy openings so produced also benefit ruffed grouse, snowshoe hares, woodcock, and, in some locations, sharp-tailed grouse.

Department fire officers and conservation aides are fighting drifted snow and near-zero temperatures some days to reach these cuttings. Department foresters are assisting game biologists in locating and marking areas to be cut. This work, financed by hunt license monies, will continue through the winter. Several hundred acres will be treated in District 3 (Delta and Marquette counties and west Alger) to improve the land's capacity to support more deer. This program is a supplement to the Conservation Department's regular timber cutting program, which is on a much greater scale and which also provides much browse as a by-product of regular commercial forest timber sales.

## Circuit Court Opens Monday

The January term of Circuit Court will get underway at 10 a.m. Monday in the Delta County building with Judge Bernard H. Davidson of Neegaunee presiding over the call of the calendar.

Only two criminal cases are scheduled.

A motion to suppress evidence will be heard in the case against William Feathers and Albert M. Couillard will appeal a drunk driving conviction.

A total of 18 cases are listed on the civil calendar for jury hearing and 29 cases, including 18 divorce actions, are listed on the non-jury calendar.

Jury cases listed are:

George and Mary Frappier and Citizens Mutual Automobile Insurance Co. vs. Fred LeRoy Feutz, auto negligence; Lucille Dishno vs. Film Service Ind., a Wisconsin Corp., and Robert J. Peters, auto negligence; Isabella Mayra vs. Orma Morey, Sherwood O. Morey and David A. Welch, auto negligence; In the matter of the estate of William Arthur Swenson, Sr., deceased; Esther Jackson and John Jackson vs. Remo Sabuco, Marc Subuco and Michigan Cosmetologists Assoc., Inc., general;

William H. Vietzke vs. Edward F. Cody, auto negligence; Elmer C. Bradley et al vs. George W. Driffl et al, auto negligence; George W. Wise Jr., an infant, by George W. Wise, Sr., next friend, vs. Christopher Michael Young, an infant, general; Anna Taylor vs. Red Owl, Inc., general; Citizens Mutual Insurance Co. vs. Albin Lauson and Mrs. Lauson, general;

Karen R. Sundquist, a minor, by Gladys Sundquist, her next friend, vs. David Duane DeVoy & Michigan Transportation, auto negligence; Ruth Ann Gullickson, her next friend, vs. David Duane DeVoy & Michigan Transportation Co., auto negligence;

Leonard Nelson and Vivian Nelson, vs. Bruce Walker and Gladys Walker, auto negligence; Charles Livermore and Auto-Owners Ins. Co. vs. Louis Gerald DePatie and Rayne DePatie, auto negligence; Leslie W. Olson vs. William L. Martin, auto negligence; Doris and Albert LaFave vs. Max Fredrickson, general; Delores & Emery LaFave vs. Ramdu Lee and Robert Hoar, auto negligence; and Kenneth & James Berg vs. Cassius Bebeau, auto negligence.

## Briefly Told

The City Recreation Department announced this morning that the Danforth Ski Hill will be open Sunday afternoon if the road to the hill can be made passable. City crews and equipment are tied up today with snow removal from city streets. City rinks are covered with snow and weekend skating depends on whether ice can be cleared.

## Ousted Mayor At Sault Running In Spring Election

SAULT STE. MARIE (AP) — Dr. David E. Foster, ousted as mayor in a recall election last February, filed Friday as a candidate for re-election in an April 3 municipal election.

He will oppose John Harrington, an insurance man who was chosen to succeed Foster following the dentist's ouster. Harrington filed for re-election on Thursday.

Foster first was elected mayor in 1957, but lost bids to regain the office in 1959, 1961 and 1963 before winning again in 1965. Foster and the city commission often were at odds.

## Kennecott Hikes Price Of Copper

NEW YORK (AP) — Kennecott Copper Corp., one of the nation's top producers, announced Friday it will raise the price of domestic refined copper by one and one-eighth cents per pound — to 37 cents — effective Monday.

Kennecott thus became the third major producer in two days to announce a price increase. Anaconda Copper Corp. and Phelps Dodge Corp. made public similar increases earlier this week.

Kennecott said it is changing its basis for pricing copper for sale in the United States from wirebars to full-plate electrolytic cathodes. Electrolytic cathodes will be increased from 35 and seven-eighths cents to 37 cents per pound.

## General 'Phone Plans Expansion

MUSKEGON (AP) — General Telephone Co. of Michigan announced Friday it plans to spend a record \$28.5 million for service improvement and expansion in 1967. The program represents an increase of \$4 million over the 1966 program.
